

Imperial Gozo Yacht Club

G2-Sagra Famiglia Regatta

The G2-Sagra Famiglia Regatta was setup by Angelo Bajada in memory of his father Vitor Bajada (1900-1979), who commissioned and was co-owner of the 'daghjsa tal-latini' by that name. It was built in 1933 by the Caruana brothers in Kalkara and is currently being restored in Mgarr. The Sagra Famiglia was originally numbered G2 which was later changed to G32.

Ratings:

No rating system is perfect and some are quite complicated to calculate and maintain, with marginal additional accuracy gained.

To keep things as simple as possible, the LWL rating uses only the length of the waterline as an input. It is not perfect, but good enough for a fair and fun race.

Racing yachts are assigned a higher rating than that calculated from the length of the waterline.

Corrected Time:

Actual time multiplied by the LWL rating.

Overall Rank:

Combination of the rank from both races, no discard.

Prizes:

Winner - Name of Skipper and Yacht is added to the base of the G2-Sagra Famiglia Cup which stays at the Imperial Gozo Yacht Club.

Plaques will be presented to the Winner, 2nd and 3rd place finishers.

A marine binoculars with compass will be raffled for all the participants, except with winner, who take part in both races.

The raffle will take place on the cup presentation day.
