

Imperial Gozo Yacht Club

Group Marine Insurance Information

THIS IS OPTIONAL: The Club is gathering this information to see whether it is possible to get better rates as a group. The more members that participate in the group the better discount we will receive, but no one is asked or required to change their insurance policy just because they are member. Even by filling this form and providing this information, each member is still not committing to changing their insurance policy. The final decision will be made by each member once the club receives the cost information from the insurance companies.
